KISSIMMEE, Fla. (May 19, 2009) – Cool down this summer while setting a hot new record at “The AANR Largest Skinny-Dip Across North America.” The Guinness World Records Organization has just created a new category for the largest number of people simultaneously skinny-dipping, and the American Association for Nude Recreation (www.AANR.com) is the contract association for this record-setting event.

Skinny-dipping, a wholesome tradition as old as mankind and frequently honored in art and movies, celebrates the natural joy of plunging into water without hindrance of clothing. AANR plans to coordinate skinny-dipping events at participating clubs and legally-sanctioned nude beaches throughout North America on Saturday, July 11, 2009 at 3:00 pm Eastern Nudist Time, as an exciting finale to Nude Recreation Week (July 5-11, 2009).

In conformance with stated rules, all participants to be counted must be completely nude during the skinny-dip. First-time skinny-dippers will be welcome and shyness can be accommodated.

As with all Guinness World Records™ events, all record attempts will be “witnessed” by a designated “member in standing” of the local community.
